

# SINGING CIRCLES

A collection of Early Years songs  
to promote language acquisition and develop social play

Singing activities for  
'Scrunchies' (stretchy fabric rings)  
Lykra sheets and parachutes

# INTRODUCTION

This book began as a 'Music and Drama Expo' seminar in 2019, offering songs to promote language acquisition and encourage social play, focusing on the particular characteristics of 'Scrunchies' (stretchy fabric rings), Lycra sheets and parachutes. However, realising that there was a demand for more of this kind of material, the original collection has been expanded to become a book ... songs for story-building and word-play ... songs for actions and dance ... songs to entertain and amuse!

## **'Singing circles' - learning through play**

- Circles provide the ideal democratic play space with no obvious leader position
- Participants have eye-contact with everyone in the group
- Circle play invites interaction in a secure social environment
- Children needing support for linguistic, vocal or social reasons can be positioned between others to maximise confidence and engagement
- Circle songs incorporate directional and travelling vocabulary e.g., in, out, front, back, inside, outside, turn, walk, skip, hop, jump etc. and they work well in the outdoor area
- 'Scrunchies', Lycra sheets and parachutes are versatile - available in varying sizes to accommodate different learning contexts i.e., whole class or small groups

## **'Singing circles' - musical development and skills**

### **Melodic features:**

- straightforward tunes with repeated phrases and sequences
- an appropriate vocal range for young voices (within an octave)
- 'cuckoo' notes – important intervals for vocal development - supporting accurate pitching
- memorable tunes, encouraging children to revisit songs independently

### **Lyrics:**

- feature repetition to embed language and linguistic devices such as alliteration, Q & A
- introduce stimulating vocabulary
- support the anticipation of rhymes
- invite word substitutions to co-create new lyrics.

## **'Singing Circles' – supporting practitioners:**

- detailed notes with advice on how to introduce, teach and develop each activity
- recordings to support non-music readers
- notated songs with chords
- instructions for making 'Scrunchies'

## Using the recordings

1. The recordings are intended solely as a teaching tool to familiarise practitioners with the songs. Working with children positioned round a 'Scrunchie', Lycra sheet or parachute will demand all your attention, allowing no chance, or free hands, to press buttons to access a recording, so enjoy learning the material and lead with your voice. Modelling the songs yourself will encourage children to sing them independently, too.
2. Each recording begins with a sung introduction: '*1, 2 and off we go*' - this gives the starting note and sets the tempo, (the speed of the music). Always adopt this practice when leading singing activities, to help singers begin together and to develop accurate pitching.
3. If you have a resident or visiting music specialist, invite them to provide an accompaniment on piano or guitar, using the music and chords supplied, but offer this treat judiciously – remember that unaccompanied singing is the ideal way to share informal musical activities.

I hope that this material will enhance your music provision and provide you with greater opportunities for informal learning through song.

Sue Nicholls

# INFORMATION ABOUT THE THREE PLAY MATERIALS

## PARACHUTES

These are plastic circles made up of coloured segments, available commercially in a variety of sizes. Being extremely lightweight they lend themselves perfectly to activities that float the sheet upwards, allowing layers to can pass underneath. Parachutes are robust and weatherproof - they work well in the outdoor area, but be aware that they produce a constant rustling sound which can mask the sound of young voices.

## LYCRA CIRCLES

Lycra (or Spandex) should be 4-way stretch for the best results. It is available in several colours and usually sold in 1.5m widths. A 1.5 m length will give you a square to be trimmed to produce the largest possible circle. Lycra circle sheets are irresistible as 'trampolines' for bouncing cuddlies, beanbags or soft toys – it is virtually indestructible and machine washable, but don't iron it!

## SCRUNCHIES

'Scrunchies' are stretchy fabric rings - a long joined-up ruched tube encasing a circle of strong elastic: they are sold in different lengths. A 15-metre Scrunchie (at full stretch) will accommodate a class of 30 x Nursery or Reception children. Commercial products are often made of one single material and sometimes a few plain colours, but there are far more possibilities if the Scrunchie is constructed of short lengths of contrasting designs. Pick fabrics with easily recognisable characters, objects or patterns, such as vehicles, animals, stripes, spots and zigzags. The song 'Sing a Scrunchie' demonstrates this idea very simply. A pattern for making Scrunchies is included at the back of the book.

## WHICH SIZE?

The biggest parachutes, Lycra sheets and Scrunchies are excellent for large numbers of singers, but consider additional smaller versions for intervention groups or independent play.

# CONTENTS

These are listed alphabetically in three sections

## SONGS FOR SCRUNCHIES

All over the place (warm-up)

Bim Bam boogie!

Calypso circle

Dancing in the ring

Pirates, pull and push

Roly poly pumpkin

Sing a Scrunchie

Spinning wheel

Up and down and inside out

Who's in the castle?

## SONGS FOR LYCRA OR PARACHUTES

Bouncing beans

Bounce Bezulah

Hop little frog

Humpty Dumpty

Rock-a-bye Rosie

Roll-a-ball

Spaceship trip

Swim, swim, swim

Swing time

## SONGS FOR SCRUNCHIES, LYCRA AND PARACHUTES

But what's our next move? (warm-up)

Four round the ring

Jiggle about

Old MacScrunchie

Such a silly song!

# SONGS FOR SCRUNCHIES

# ALL OVER THE PLACE

## A Scrunchie activity

### A Scrunchie warm-up

C Em G<sup>7</sup> C Em Am Dm<sup>7</sup> G

In the air On the ground Mak - ing ripp - les like the sea

5 C C<sup>7</sup> F D<sup>7</sup> C Dm G<sup>7</sup> C

Shake it up Roll it round hold it still as still can be

In the air; on the ground  
 Making ripples like the sea  
 Shake it up! Roll it round!  
 Hold it still as still can be!

### Before you sing

Demonstrate the six Scrunchie actions, encouraging children to copy you:

1. stretch up above your head
2. reach down to the ground
3. move alternate hands up and down
4. shake randomly
5. roll round
6. keep absolutely still

### Tackling the song

This song is extremely simple and works well as a warm-up. Encourage children to make the actions absolutely clear, performing them together, tidily. This activity can be played sitting down, too.

### Developing the activity

Keeping to the rhyming pattern, substitute some new action ideas, for example:

Original line	One alternative	Another alternative
In the air	On your nose	On your chin
<b>On the ground</b>		
Making ripples like the sea	Hopping like a little flea	Put the Scrunchie on your knee
Shake it up	Stretch it out	Bump your fists
<b>Roll it round</b>		
<b>Hold it still and still can be</b>		

# BIM BAM BOOGIE!!

## A Scrunchie activity

### Manage some quick-change moves

G Em C D7 G Em D7 G  
Bim, bam, boog-ie woo-gie, bim, bam, boo! Bim, bam, boo-gie woo-gie, bim, bam, boo!

5 G Em A7 D D7 G Am D7 G  
Bim, bam, bim, bam, boo-gie, woo-gie, boo! Bim, bam, bim, bam, boo-gie, woo-gie, boo!

Bim, bam, boogie-woogie, bim, bam, boo!  
Bim, bam, boogie-woogie, bim, bam, boo!  
Bim, bam, bim, bam, boogie-woogie, boo!  
Bim, bam, bim, bam, boogie-woogie, boo!

### Before you sing

The activity is designed to work on coordination. Each of the four alliterative words: *bim*, *bam*, *boogie-woogie*, *boo*... is allocated a separate hand action. Practise these slowly, without the Scrunchie, placing hands on knees, initially, to learn the 'moves.' Abandon any insistence on using left and right hands in order – this isn't required and would detract from the fun.

- bim** one hand is lifted off the Scrunchie, returning...
- bam** ... as the other hand repeats the action
- boogie-woogie** roll the Scrunchie round
- boo** bump fists together while holding on to the Scrunchie

### Tackling the song

Sing slowly, without actions, until children are familiar with the tune and word order. When combining the song and actions for the first time, perform at a moderate pace and be prepared for muddles and giggles! Persevere! The performance will improve over time.

### Developing the activity

When the actions are managed confidently you might consider speeding up the tempo for a really slick performance, perhaps in front of parents!

# CALYPSO CIRCLE

## A Scrunchie activity

A dance song with a whiff of the Caribbean

The image shows a musical score for the song 'Calypso Circle'. It consists of two staves of music in 4/4 time, with a key signature of one sharp (F#). The melody is written on a treble clef staff, and the lyrics are written below it. The lyrics are: 'We're going to sing a cal-yp - so song (we are!) We're going to sing a cal-yp - so song (we are!) We've got a song to sing in a cal - yp - so ring, so ev - 'ry bod - y join in!!'. The chords are indicated by letters above and below the notes: D, A7, A7, D, D7, G, Em, A7, D.

### Before you sing

Show footage of Caribbean dancers and musicians – you may be fortunate enough to have a steel band in your locality, so why not invite them to provide an impromptu concert and also accompany a performance of your 'Calypso Circle'.

### Tackling the song

This bouncy syncopated melody almost sings itself. Perform with improvised dance steps and jiggles to reflect the light-hearted nature of the song and remember to do the two stamps on every 'we are' – these words are supposed to be spoken, but singing them is perfectly acceptable!

### Developing the song

Invite some keen performers to be the band, positioned in the centre, playing maracas and shakers to enhance the jaunty rhythm and the festive mood. You could make this a gathering game, beginning with a few participants round the Scrunchie and adding more players on each repeated verse.

# DANCING IN THE RING

## A Scrunchie activity

### Friends in the ring - another Caribbean dance game

The musical score is written in 4/4 time and consists of three staves. The first staff starts with a treble clef and a key signature of one flat (Bb). The melody is: C4 (quarter), D4 (quarter), E4 (quarter), F4 (quarter), G4 (quarter), A4 (quarter), Bb4 (quarter), C5 (quarter), Bb4 (quarter), A4 (quarter), G4 (quarter), F4 (quarter), E4 (quarter), D4 (quarter), C4 (quarter). Chords above: F, C7, Gm7, C7, F, F, F7. The second staff starts with a bass clef and a key signature of one flat. The bass line is: Bb3 (quarter), Gm3 (quarter), F3 (quarter), E3 (quarter), D3 (quarter), C3 (quarter), Bb3 (quarter), A3 (quarter), G3 (quarter), F3 (quarter), E3 (quarter), D3 (quarter), C3 (quarter), Bb3 (quarter), A3 (quarter), G3 (quarter), F3 (quarter). Chords below: Bb, Gm, Bdim7, C7, F, F, C7, Gm7, C7. The third staff continues the melody: C4 (quarter), D4 (quarter), E4 (quarter), F4 (quarter), G4 (quarter), A4 (quarter), Bb4 (quarter), C5 (quarter), Bb4 (quarter), A4 (quarter), G4 (quarter), F4 (quarter), E4 (quarter), D4 (quarter), C4 (quarter). Chords below: F, F, F7, Bb, Gm, Bdim7, C7, F. The lyrics are: 'Now Mais-ie's danc-ing in the ring, Oh Mais-ie, ask a friend to come in, Now two can do a danc-ing show, Now two can do a danc-ing show, Now two can do a danc-ing show, Oh Mais- ie, now it's time for you to go!'

Now Maisie's dancing in the ring (stamp, stamp)  
Now Maisie's dancing in the ring (stamp, stamp)  
Now Maisie's dancing in the ring, oh, Maisie  
Ask a friend to come in (stamp, stamp)

Now two can do a dancing show (stamp, stamp)  
Now two can do a dancing show (stamp, stamp)  
Now two can do a dancing show, oh, Maisie  
Now it's time for you to go (stamp, stamp)

### Before you sing

Talk with children about their experiences of dancing! Some may watch 'Strictly' with parents or older siblings; others may attend ballet, tap or other dance classes. Encourage them to demonstrate their favourite moments and 'moves.'

### Tackling the song

Explain that one dancer, performing in the centre, invites a friend to join in. The first dancer exits, leaving the second child to adopt the solo role. Make sure that 'invitations' are distributed fairly and are as inclusive as possible. Ask the Scrunchie 'holders' to perform invented dance steps to reflect the bouncy, calypso rhythm and stamp when indicated.

### Developing the activity

Children positioned round the circle can be just as creative as the solo dancers – encourage players to let go of the Scrunchie with one hand, in order to add energetic arm and turning movements to their performance.

## PIRATES, PULL AND PUSH

### A Scrunchie activity

Sing to the familiar tune: Polly put the kettle on

#### A seafaring song to steer your crew to the treasure!

v1: Pirates, row across the sea  
Pirates, row across the sea  
Pirates, row across the sea  
To search for **gold!**

v2: Push the oars and pull them back  
Push the oars and pull them back  
Push the oars and pull them back  
We've found the **gold!**

#### Before you sing

Talk with children about pirates, sharing memories from familiar stories and films. Focus particularly on the possibilities of treasure, collecting names of gems, jewellery and precious metals and showing images from books or online sources. Invite children to bring in their pirate toys, ships and dressing up articles for a display. Practise some rowing actions to a steady pulse (strong beat), leaning forwards with arms outstretched and then leaning back, to bring hands to waist level with elbows sticking out.

#### Tackling the song

This activity is performed sitting down. Ask a child to suggest the first item of treasure and sing about this in verse 1, rocking the Scrunchie from side to side like the waves of the sea. Don't waste time and effort aiming for a uniform rocking direction, it won't affect the game and the odd 'collision' will amuse the players! In verse 2, adopt the practised rowing action as dictated by the lyrics. Change the looked-for treasure in subsequent verses.

#### Developing the activity

Once the game is familiar provide different contexts for the pirates' expedition, in order to extend the game and vary the vocabulary, for example: the pirates are planning a long voyage so sing about what would be needed... food, water, clothes, maps, rope...a parrot? Other less serious ideas might be for items needed for a surprise birthday for the captain: '*Pirates, row across the shops,*' or a visit to the North Pole to visit Santa Claus: '*Pirates, row across the ice,*' and let your collective imaginations run riot!

# ROLY POLY PUMPKIN

## A Scrunchie activity

Enjoy a limelight moment, centre stage!

Chords: C, Am, G7, C, C, Am, G7, C, C7

9 Ro - ly, po - ly, pump - kin, ro - ly, po - ly, pear! Ru - by's in the midd - dle, sit - ting on a chair.

Chords: F, C, Dm7, G, C, Am, G7, C

Ro - ly, po - ly, pump - kin, ro - ly po - ly pie! Tom goes to the mid - dle, Ru - by says 'Good - bye'

Roly poly, pumpkin, roly poly, pear  
 Ruby's in the middle, sitting on a chair  
 Roly poly, pumpkin, roly poly, pie  
 Tom goes to the middle, Ruby says goodbye!

### Before you sing

Players need to be aware of the key rhymes in this song: *pear/chair* and *pie/goodbye*. Practise by playing a rhyming game using the images below e.g.: *pear/chair*; *pie/goodbye*; *peach/beach*; *tea/key*; *cheese/bees* and *bread/head*. Print the pictures as cards and invite children to find each rhyming pair.

### Tackling the song

This activity can be performed sitting on the floor. Choose a child (Ruby) to sit on a chair in the middle of the Scrunchie ring. Explain that during the song, you will choose someone else to take centre stage and then bid 'Ruby' goodbye. Remind singers that this will require some good listening!

### Developing the activity

Once the change-over pattern is established, invite the child in the centre to nominate their own successor and perhaps sing the last line independently!

# SING A SCRUNCHIE

## A Scrunchie activity

### Sing about Scrunchie patterns

The musical score is written in 4/4 time and consists of two staves. The first staff has a treble clef and a key signature of one flat (Bb). The melody is: G4 (quarter), A4 (quarter), Bb4 (quarter), C5 (quarter), Bb4 (quarter), A4 (quarter), G4 (quarter), F4 (quarter), E4 (quarter), D4 (quarter), C4 (quarter), Bb3 (quarter), A3 (quarter), G3 (quarter), F3 (quarter), E3 (quarter), D3 (quarter), C3 (quarter). Chords above the staff are: C (above G4), Am (above A4), Dm (above Bb4), G (above C5), G7 (above Bb4). The lyrics are: 'Who's hold-ing yell - ow? I'm hold-ing yell - ow, Who's hold-ing blue stripes? I'm hold-ing blue stripes.' The second staff starts with a '5' in the margin. The melody is: G4 (quarter), A4 (quarter), Bb4 (quarter), C5 (quarter), Bb4 (quarter), A4 (quarter), G4 (quarter), F4 (quarter), E4 (quarter), D4 (quarter), C4 (quarter), Bb3 (quarter), A3 (quarter), G3 (quarter), F3 (quarter), E3 (quarter), D3 (quarter), C3 (quarter). Chords above the staff are: C (above G4), Am (above A4), G7 (above Bb4), C (above C5), G7 (above Bb4). The lyrics are: 'Who's hold ing red spots? I'm hold ing red spots. Let's sing some more! Let's sing some more!' The piece ends with a double bar line.

Who's holding yellow? *I'm holding yellow*  
Who's holding blue stripes? *I'm holding blue stripes*  
Who's holding red spots? *I'm holding red spots*  
Let's sing some more! *Let's sing some more!*

### Before you sing

Sit in a circle so that everyone is holding a section of the Scrunchie. Talk with children about the characters, objects and patterns seen on the different fabrics on your Scrunchie. Demonstrate how to play the game by modelling a sung question and answer about the fabric piece that you're holding: e.g. 'Who's holding butterflies? I'm holding butterflies.' Move to take up a different position round the circle and sing another question and answer that reflects the new fabric design being held: 'Who's holding yellow stripes? I'm holding yellow stripes'. Repeat as necessary so that everyone understands the structure of the song.

### Tackling the song

Begin with a general sung question to invite responses from all or most players e.g. 'Who's holding the Scrunchie? Who's holding red?' 'Who's holding an animal?' encouraging children to sing the echoed 'Let's sing some more!' after each verse. If a response is missed, sing it yourself but insert the child's name: 'Shona's holding butterflies?'

### Developing the activity

Children will be positioned differently round the Scrunchie every time you play this game, singing a range of contrasting responses. Once the pattern is firmly established, try other approaches, such as: 'Who's **next to** yellow?' or 'Who's **opposite** pink flowers?' Try more sophisticated questioning: 'Who swims in the sea?' or 'Who has a tail?' so that children 'identify' closely with their pattern or character. Encourage children to invent and sing questions, too!

# SPINNING WHEEL

## A Scrunchie activity

### Spin and sing as you change direction

D Bm G D Bm Em7 A A7 D G

Turn the wheel, turn the wheel, keep the wheel spinn - ing. Turn the wheel the oth - er

12 D F#m Bm A7 D Bm F#m Em7 A G Em

way, turn - ing as we're sing - ing. Pass the thread, pass the thread, 'til the work is

23 A A7 D Bm Em Em7 A A7 D

done\_\_\_\_\_ Spin a - round, yes, spin a - round and now the thread is spun\_\_\_\_\_

Turn the wheel, turn the wheel: keep the wheel spinning  
Turn the wheel the other way, turning as we're singing  
Pass the thread; pass the thread, 'til the work is done  
Spin around, yes, spin around and now the thread is spun.

### Before you sing

This is a slightly more sophisticated activity and will require some practice. Show an image of a spinning wheel and explain its function. You might be lucky enough to have a parent or local crafts enthusiast who could offer a demonstration: you could also link the song to the story of 'Sleeping Beauty.' 'Pass the thread' is performed by 'feeding' the Scrunchie through the players' hands – this will require an agreed direction for passing and may need some rehearsal!

### Tackling the song

Children hold the Scrunchie with their right hand only so that they face clockwise. Sing the first line, stepping on the strong beat: change direction for line 2. Stand still on line 3 as the Scrunchie is fed through players' hands. The final line asks players to 'spin round'. This is managed by letting go with one hand, turning to face away from the Scrunchie, then swapping hands to complete the spin, performed on the spot.

### Developing the activity

Try skipping round instead of walking – this would give the activity a country dance flavour.

## UP AND DOWN AND INSIDE OUT

## A Scrunchie activity

Can you follow these echo instructions?

The musical score is written in G major, 4/4 time, and consists of four staves of music. Each staff has a key signature of one flat (Bb) and a time signature of 4/4. The lyrics are written below the notes, and chords are indicated above the staff lines. The lyrics are: 'Now hold the ring, now hold the ring, and don't let go, and don't let go. Put it on your head, put it on your head, put it on your toe, put it on your toe. Can you lift it high? Can you lift it high? Can you get in - side? Can you get in - side? Can you make it stretch? Can you make it stretch? Can you make it wide? Can you make it wide?' The chords are: F, Dm, Gm7, C, Bb, C, C, C7, F, Dm, C7, F7, Bb, Gm, F, Dm, Bb, F, Dm, Am, Gm, Dm, C7, F.

Now hold the ring ... and don't let go... Put it on your head... put it on your toe...  
Can you lift it high?... Can you get inside? ... Can make it stretch?... Can you make it wide?...

### Before you sing

Echo songs are an excellent way to encourage focused listening. Practise the idea of copy singing by making up new lyrics to a well-known echo tune such as 'Frère Jacques', e.g.

Red and purple (echo)  
Pink and blue (echo)  
I can paint a picture (echo)  
Just for you! (echo)

### Tackling the song

Explain that every sung line is to be echoed. Sing the song slowly the first time so that everyone can hear and process the instructions. When you reach the line: 'Can you make it stretch?' model turning round to face outwards to 'stretch' and stepping away from the centre to 'make it wide'.

### Developing the activity

Change the lyrics to provide new instructions:  
*Now shake the ring ... and roll it round...*  
*Put it on your knee... put it on the ground...*  
*Can you sit round the edge?... put it on your lap?...*  
*Can you lift it high?... and drop it back! ...*

# WHO'S IN THE CASTLE?

A Scrunchie activity

## Sing about characters who like to rhyme!

In the castle, there's a king  
He's a king who likes to sing  
He'll sing in the tower: la, la, la, la  
He'll sing in the dungeon: la, la, la  
He's a king who likes to sing

In the castle, there's a ghost  
He's a ghost who moans the most  
He'll moan in the tower: ooh, ooh, ooh, ooh  
He'll moan in the dungeon: ooh, ooh, ooh  
He's a ghost who moans the most

In the castle, there's a queen, she's a queen with boots of green  
She'll walk in the tower: stomp, stomp, stomp, stomp etc.

In the castle, there's a witch, she's a witch who likes to stitch  
She'll stitch in the tower: sew, sew, sew, sew etc.

In the castle, there's a guard, he's a guard who sweeps the yard  
He'll sweep in the tower: swish, swish, swish, swish etc.

In the castle, there's a knight, he's a knight who flies a kite  
He'll fly in the tower: whoosh, whoosh, whoosh, whoosh etc.

Dm
Gm A7
Dm
Gm A7
B♭

In the cast-le there's a king. He's a king who likes to sing. He'll sing in the tower, 'La,

6

C A7 Dm A7 B♭ A7 Dm

la, la, la,' he'll sing in the dun-geon, 'La, la, la,' he's a king who likes to sing!

You will need some props e.g. toy microphone, crown, white fabric, witch's hat, broom, kite

## Before you sing

Talk about characters that inhabit castles and revisit some favourite castle stories. The lyrics contain a strong rhyming element e.g. *king/sing*; *queen/green* so exploit this with an improvised rhyme game, for example: *My cat wears a (hat); the dog chased a (frog); this bin is made of (tin)*. The musical focus is on pitch. Each character's action occurs 'in the tower' (sung on higher notes) and 'in the dungeon' (lower notes).

## Tackling the song

This is another quite sophisticated song set in a minor key, which gives the melody a slightly melancholy feel. Children sit in a circle holding the Scrunchie, which represents the castle walls: choose a king to stand in the centre. When singing '...in the tower, 'la, la, la, la'', children hold the Scrunchie high and bring it down to the floor for the 'dungeon' phrase. Encourage each character to invent some actions to enhance their role – see the list of suggested props!

## Developing the activity

Support children in finding other single syllable characters and rhymed actions for new verses (don't be too fussy about the castle theme): a *fish who cooks a dish...* a *man who drives a van...* a *lord who waves a sword...* an *owl who gives a howl ...*

## **SONGS FOR LYCRA SHEETS AND PARACHUTES**

# BOUNCING BEANS!

A Lycra sheet or parachute activity

## Counting with bouncy beanbags

The image shows a musical score for the song 'Bouncing Beans' in G major (one sharp) and 4/4 time. The score consists of two staves. The first staff contains the first four measures of the melody, with lyrics: 'One litt - le bean woke up one day He felt ve - ry bounc - y wan - ted to play 'I'. Above the notes are the chords: D, Bm, A7, D, Em, A7, G, A7. The second staff contains the next four measures, with lyrics: 'need a - noth - er bean to join the fun!' Two bounc - y beans play ing in the sun! Above the notes are the chords: D, Bm, A7, D, D7, G, A7, D, G, D. A '5' is written at the beginning of the second staff, indicating the start of the counting game.

You will need 5 or more beanbags

### Before you sing

This counting game is very straightforward and needs no preparation.

### Tackling the song

Place a beanbag on the Lycra sheet or parachute and ask one child to be responsible for the other four. When you're ready to sing about two little beans, invite the beanbag holder to throw another one on to the sheet. If you're lucky, you might end up with all five beanbags in place at the end of the game! As with 'Humpty Dumpty' (page 21), this song is ideal for small groups to explore independently, using half-size Lycra sheets or parachutes. Remember that old pillowcases, towels or tablecloths also work perfectly well with small numbers of players.

### Developing the activity

Increase the number of beanbags to match the level of singers' mathematical experience. Children could design and make their own 3D tissue or newspaper 'beans' with complete with faces. Try swapping 'beans' for other characters such as small soft toys or 'bounceable' items found in your setting – teddies, dolls or sponges.

# BOUNCE BEZULAH

A Lycra sheet or parachute activity

Where will Bezulah bounce to next time?

Bounce Be - zu - lah up to town, Bounce Be - zu - lah up to town,  
Bounce Be - zu - lah up to town, bounce her up and bounce her down!

Bounce Bezulah up to town (x 3)  
Bounce her up and bounce her down

Bounce Bezulah in the sea....  
She'll come bouncing back to me

Bounce Bezulah in the air ...  
Let the wind blow through in her hair

Bounce Bezulah to the moon....  
She won't get back very soon

Bounce Bezulah to and fro ....  
Round and round and round she'll go

Bounce Bezulah to the sky  
Like a bird she'll flap and fly

## You will need a soft toy

### Before you sing

Choose any soft toy and introduce him or her, as Bezulah. The song focuses on rhyming pairs so ask children to anticipate the rhymes in each verse before you play the game:

*up to town/down... in the air/hair ... to and fro/go ... in the sea/me ... to the moon/soon... to the sky/ fly*

### Tackling the song

This is a fairly boisterous activity so expect Bezulah to bounce off the sheet at regular intervals! As you reach the last line of each verse, pause before the last word to see if children can supply the rhyme.

### Developing the activity

Co-create new verses with accessible rhymes e.g.

Bounce Bezulah into school ...

Bounce Bezulah on a train ...

Bounce Bezulah down the slide ...

Bounce Bezulah in a dream

# HOP LITTLE FROG

A Lycra sheet or parachute activity

## Invent a hoppy, boppy frog song

C throughout

Hop, hop, hop! Hop, litt - le frog! His name is Fred Hop, hop, hop!

Hop, hop, hop  
Hop little frog  
His name is \*Fred  
Hop, hop, hop!

## Before you sing

Introduce the bean frog and ask some preliminary questions about his life to encourage imaginative answers: *What's his name? Where does he live? What does he eat? ....* including nonsense questions, too: *What's his favourite television programme? What's his brother's name? Where did he go on holiday?* This might be a useful exercise to elicit whole sentence responses, but if answers are short e.g. *'fish and chips'*, expand these, modelling them as sentences in the song: *What does he eat? He eats fish and chips!*

## Tackling the song

Expect the frog to be bounced off the sheet frequently – it all adds to the fun! Ask each new question before you sing a fresh 'verse.' beginning with his name and incorporating the response into the third line. Construct the frog's life story through further questioning and be prepared to fit the syllables of any long answers into the musical phrase as best you can: *Where did he go on holiday? He went to Disneyland, Florida!*

## Developing the activity

Once the game is established, invite children to invent their own questions and nominate someone in the group to supply the answer. Once a 'story' has been created collectively, use it as a memory exercise and revisit the responses in order. These could be transferred to mark-making activities such as a sequenced cartoon strip or Z-book. To vary, play the game, using other 'cuddlies' or soft toys.

# HUMPTY DUMPTY

## A Lycra sheet or parachute activity

### A trampolining treat for Humpty!

D Bm A7 A7 D D7  
Hump-ty Dump-ty bump, bump, bump, Hump-ty Dump-ty jump, jump, jump, Hump-ty Dump-ty

6 G Em A7 D G D G Em D7 Bm  
hop, hop, hop, Hump-ty Dump-ty, run on the spot. Hump-ty Dump-ty, bend your knees,

11 A7 D D7 G Em D7 Bm Em7 D G D  
Hump-ty Dump-ty, tip-toes, please, Hump-ty Dump-ty, bounce to the sky, we'll count to ten as you fly high!

Humpty Dumpty, bump, bump, bump  
Humpty Dumpty, jump, jump, jump  
Humpty Dumpty, hop, hop, hop  
Humpty Dumpty, run on the spot  
Humpty Dumpty, bend your knees,  
Humpty Dumpty, tiptoes, please  
Humpty Dumpty, bounce to the sky  
We'll count to ten as you fly high!

### Before you sing

If you don't have a Humpty Dumpty toy in your setting, use any soft toy and change (repeat) the name accordingly: *'Rabbit, Rabbit; Teddy, Teddy* etc. The activity is very straightforward and needs no preparation other than clarifying the instruction *'bump, bump, bump,'* which requests children to bump hands together as they hold the edge of Lycra or parachute, not their elbows or hips.

### Tackling the song

Encourage everyone to sing the repeated name as you model and sing the actions. Children will learn the sequence very quickly and hopefully, anticipate the paired rhymes. You might not manage to keep Humpty on the sheet during the counting! This simple song is ideal for more intimate group play using half-size Lycra sheets or parachutes – old pillowcases or tablecloths also work perfectly well with small groups.

### Developing the activity

Add a challenge by increasing the number of bounces to match the level of children's mathematical experience.

# ROCK-BYE ROSIE

## A Lycra sheet or parachute activity

### Rock Rosie to sleep with a lullaby

Musical score for 'Rock-Bye Rosie' in G major, 3/4 time. The score consists of three staves of music with lyrics underneath. Chords are indicated above the notes.

11  
18

D Bm A<sup>7</sup> D G Bm A<sup>7</sup> D D<sup>7</sup> G A  
Ros - ie Pos - ie, sleep - y head, Now it's time to go to bed. In the crad - le  
G A Em A Em<sup>7</sup> A A<sup>7</sup> D  
you must go, We will rock you to and fro. Ros - ie  
Bm A<sup>7</sup> D<sup>7</sup> G Em A<sup>7</sup> D  
Pos - ie say 'Good night', Off to sleep by star - light.

Rosie Posie, sleepy head  
Now it's time to go to bed  
In the cradle you must go  
We will rock you to and fro  
Rosie Posie, say 'Goodnight'  
Off to sleep by starlight

### You will need a doll or soft toy

### Before you sing

Talk about the function of lullabies and why they are sung quietly: encourage children to make the rocking action, used universally to lull babies to sleep, as you model the song. Explain that the Lycra sheet or parachute isn't used for bouncing - in this song it acts like a hammock that sways the baby gently from side to side. The notes of the tune largely move stepwise, creating a calm and serene mood for inducing sleep.

### Tackling the song

Place the doll or toy on the Lycra sheet or parachute and set up a smooth rocking action so that 'Rosie' stays in one position. Encourage children to sing quietly and sweetly – a fitting style for a lullaby in waltz time.

### Developing the activity

Try humming instead singing the words - how quietly can your singers can perform this lullaby?

# ROLL-A-BALL

## A Lycra sheet or parachute activity

Can you keep the ball rolling?

Musical score for 'Roll-A-Ball' in G major, 8/8 time. The score consists of two staves. The first staff contains the melody and lyrics: 'Roll - ing round the cir - cle, roll - ing round and round One ball roll - ing,'. Chords G, Em7, Am7, D7, G, and C are indicated above the notes. The second staff contains the melody and lyrics: 'keep it off the ground! A - noth - er ball, a - noth - er ball! Can we roll a - noth - er ball?'. Chords D7 and G are indicated above the notes. A '7' is written below the first note of the second staff.

Rolling round the circle  
Rolling round and round  
One ball rolling  
Keep it off the ground!

(Chanted)  
Another ball, another ball!  
Can we roll another ball?

Rolling round the circle  
Rolling round and round  
Two balls rolling  
Keep them off the ground!

(Chanted)  
Another ball, another ball!  
Can we roll another ball?

**You will need several small lightweight balls – the plastic variety with lots of holes would be ideal**

### Before you sing

Position children around the sheet - lift it a little way off the ground and practise rolling a ball round, gently. Explain that in this game, everyone works together, controlling the ball to prevent it from falling off! This will require concentration and a gentle up and down tipping action. If successful, players will be rewarded by trying with two balls ... and so on. Remind children that there are sung and spoken parts.

### Tackling the song

Ask children to practise rolling the ball while you model singing the song and chant - ask everyone to join in. What will your record be? Organise a suitably worthy reward if the group manage to keep five balls rolling on the sheet!

### Developing the activity

Change the action to: '**Bouncing** round the circle ...' will you manage to keep more than one ball bouncing?

# SPACESHIP TRIP

A Lycra sheet or parachute activity

## Countdown to the spaceship launch

The musical score is written in G major (one sharp) and 8/8 time. It consists of three staves of music. The lyrics are: 'We're guard-ing the space-ship, the ast-ro-nauts are com-ing. It's time for the launch and the eng-ine's reall-y humm-ing. Help us do the count-down, then we're off to space Ten, nine, eight, sev-en, six, five, four, three, two, one, and end-ing with a zer-o! Whoosh!' The chords are: D, Em, A7, D, D, G, A7, D, D7, G, D, E, E7, A, A7, D.

We're guarding the spaceship  
The astronauts are coming  
It's time for the launch  
And the engine's really humming!  
Help us do the countdown  
Then we're off to space  
(Spoken) 10, 9, 8  
7, 6,  
5, 4, 3,  
2, 1 and ending with a zero  
Whoosh!

### Before you sing

Practise counting backwards from 10 to 0. The countdown in this activity is chanted rather than sung, but it has a very definite rhythm so check that children are saying the pattern accurately.

### Tackling the song

Explain that the Lycra sheet or parachute is a spaceship – a large round one, not a rocket – and that after the count down, everyone launches the spaceship on 'Whoosh!' by flinging it up as high as possible. Decide whether singers should hold on to the sheet or release it entirely – letting go is much more fun! This song can also be performed sitting down.

### Developing the activity

Encourage children to change the ending of the line 'Then we're off to **space**!' by substituting alternative destinations. These could be space-themed e.g., Mars, Venus, the moon etc. or choose completely unlikely places .... the seaside, Centre Parcs, the Bat Cave!

## SWING TIME

## A Lycra sheet or parachute activity

### Singers fly under a swinging sky

C Em G Am Em Am G7 C7  
Swing, swing, Ra - jesh, are you go - ing un - der the sky?  
5 F Dm Dm7 G7 C C7 F G7 C  
Yes, I am, yes, I am. Swing high and watch him fly!

Swing, swing, Rajesh,  
Are you going under the sky?  
(soloist) Yes, I am, yes, I am  
Swing, high and watch him (her) fly!

### Before you sing

At the end of this song, the Lycra sheet or parachute is swung high while a nominated child travels underneath to take up a new position on the opposite side of the circle. Practise the activity, singing without the sheet, initially, so that children understand how the game works.

### Tackling the activity

Explain that the sheet represents the sky. Make a decision about the travelling style; running may be inappropriate and there will be plenty of time for more sedate moves! When trying out the song for the first time, select a child who you know will manage the travelling and solo singing role – this initial modelling will support less confident participants when they take their turn. Announce the chosen child's name before you begin each verse, so that everyone sings the opening line. Sing slowly and enjoy the gently swaying rhythm as you move the sheet from side to side.

### Developing the activity

Once the game is familiar, choose a confident 'leader' to sing the 'flying' invitation each time. Encourage children to invent different ways of travelling across the circle, for example: skipping, swaying, jumping, hopping, tiptoeing or dancing.

## OLD MACSCRUNCHIE

## A Scrunchie activity

Sing to the familiar tune: Old MacDonald had a farm

### Move to the beat as you travel round

Old MacScrunchie likes to walk  
All around the ring  
Old MacScrunchie likes to walk  
And he likes to sing!

\*With one step here and another step there  
Feel the beat and keep the pattern going!

\*Old MacScrunchie likes to walk  
All around the ring

Old MacScrunchie likes to jump  
All around the ring  
Old MacScrunchie likes to jump  
And he likes to sing!

With one jump here and another jump there  
Feel the beat and keep the pattern going!

Old MacScrunchie likes to jump  
All around the ring

### Before you sing

Collect vocabulary for different ways of travelling on foot e.g. *hop, skip, run, slide, leap, march, strut, creep, jog, trot* ... encouraging children to demonstrate the actions, too. Use a tambourine to provide a steady beat, or simply clap, asking children to perform their travelling actions to that beat.

### Tackling the song

Hold the Scrunchie, Lycra or parachute with RIGHT hands only to establish a unified direction for moving round the circle - this will be easier than side-to-side stepping, Begin by singing about *walking* as the first mode of travel and model your steps to fall on the strong beat – these are indicated by the underlined syllables in lines 5 & 6. Ask children to choose alternate ways of travelling for new verses.

NB: Some travelling moves i.e. *march, creep*, will need to revert to: 'one step ... another step...' in line 5 to make sense of the travelling action.

### Developing the activity

Once the game is familiar; experiment with changes of direction. This could be for each new verse, or, for a real challenge, change direction on every other line (asterisked)

## **SONGS FOR SCRUNCHIE, LYCRA OR PARACHUTE**

## BUT WHAT'S OUR NEXT MOVE?

A warm-up for Scrunchie, Lycra sheet or parachute

Make up new circle moves

D Bm B7 E G Em7 A7 D D7

Walk - ing round That's what we do! Time to try some-thing that's new Can we

5 G A7 D7 G Em D G D

make our feet Move a-noth - er way? How shall we trav - el to - day?

Walking round,  
That's what we do  
We could try  
Something that's new  
Can we make our feet  
Move another way?  
How shall we travel today?

### Before you sing

Collect words for different ways of travelling on foot e.g. *hop, skip, run, slide, leap, march, strut, tiptoe, creep, jog, trot, star jump* ... encouraging children to demonstrate the actions.

### Tackling the song

This is essentially a warm-up activity. Choose a consistent direction for travelling and sing the first verse as you walk round, stepping side-to-side, then ask for new ideas for subsequent verses. Encourage each child who suggests a new move to sing the opening line: '*Walking round; tiptoe round, star jump round*' ... as a solo.

### Developing the activity

Try making all actions fit to the pulse (strong beat) – the underlined syllables will help.

## FOUR ROUND THE RING An activity for a Scrunchie, Lycra sheet or parachute

### Invite singers to join the game

Musical score for 'Four Round the Ring' in G major, 4/4 time. The score consists of two staves. The first staff contains the first two lines of the song, and the second staff contains the next two lines. Chords are indicated above the notes. A '5' is written at the start of the second staff.

D Bm Em A<sup>7</sup> D Bm Em A<sup>7</sup>

Four round the ring, yes, four round the ring. Four round the ring and four will do, but

5 D D<sup>7</sup> G E Bm A<sup>7</sup> D

here's an i - dea I'd like you to hear, Let's bring in some - one new!

Four round the ring, yes, four round the ring  
Four round the ring and four will do  
But here's an idea I'd like you to hear?  
Let's bring in someone new!

Five in the ring ...

### Before you sing

This simple activity needs little preparation: children only have to add on one for each new verse. It may be worth reinforcing the idea of fairness when inviting a new player - to resist always asking a best friend.

### Tackling the activity

If you have a large number of children, begin with a higher number of players, to avoid too much waiting time. Ask the 'beginner' group to position themselves evenly round the circle: the rest sit ready to be summoned to the game. Establish a rule that the last child to join the game nominates the next player – this will allow the game progress more smoothly.

### Developing the activity

Extend the game by inviting the new player not by name, but by a simple description, for example: *I invite someone who is wearing red trainers ... a pink hairband... a green jumper...who's sitting next to Lily...* You could speed up the action by inviting TWO children each time.

## JIGGLE ABOUT

An activity for a Scrunchie, Lycra sheet or parachute

Sing to the familiar tune: **Knees up, Mother Brown**

### Dance and jig to faraway places

Dance and jig about, dancing to Beijing  
Dance and jiggle, dance and jiggle  
Jiggle as you sing!

Dance and jig about, dancing to Montrose  
Dance and jiggle, dance and jiggle  
Jiggle on your toes!

Dance and jig about, dancing to Algiers  
Dance and jiggle, dance and jiggle  
Jiggle both your ears!

Dance and jig about, dancing to Belize  
Dance and jiggle, dance and jiggle  
Jiggle both your knees!

Dance and jig about, dancing to Toulouse  
Dance and jiggle, dance and jiggle  
Jiggle in your shoes!

Dance and jig about, dancing to Brazil  
Dance and jiggle, dance and jiggle  
Now we all keep still!

### Before you sing

Another song with a strong rhyming focus, but not a geographical one, which might be assumed from the place names in the lyrics! Prepare for the rhyming pattern, by asking children to recall rhymes for the final word of each verse: e.g. *sing* (swing, ring, thing, fling); *shoes* (blues, choose, lose) and practise the jiggling actions found in the final lines.

### Tackling the song

Remind children that the song needs energetic dancing and jiggling. Model the first verse so that singers have an opportunity to make the rhyme connection, then try all the verses.

### Developing the song

The familiar tune is very jaunty! Encourage a small group of children to select percussion instruments and improvise an accompaniment to the dance.

## SUCH A SILLY SONG! An activity for a Scrunchie, Lycra sheet or parachute

### Sing about six sillies with colourful names

G D7 C D7 G Am D7 G G D7 A7 D D7

Bert-ie Black, Bert-ie Black He put snow-balls in a sack! That's not right! That's all wrong!

7 G C D7 G Am D7 G Bm C D7

He'd be bett- er off sing -ing this song. With an up,up, up, and a down,down, down. Do a ver- y, sill - y dance like a

12 G G7 C A7 G Em7 A D7 G

circ- us clown, with a shake, shake, shake, stay a wake, wake, wake and join our ver -y sill -y song!!

Bertie Black, Bertie Black  
 He put snowballs in a sack.  
 That's not right, that's all wrong  
 He'd (she'd) better off singing this song!  
 With an up, up, up, and a down, down, down  
 Do a very silly dance like a circus clown  
 With a shake, shake, shake  
 Stay awake, wake, wake  
 And join our very silly song

v2: Rita Red, Rita Red  
 She grew bananas in her bed etc.

v3: Poppy Pink, Poppy Pink  
 She kept sausages in her sink etc.

v4: Billy Blue, Billy Blue  
 He wore glasses made of glue etc.

v5: Gary Grey, Gary Grey  
 He made carpets out of clay etc.

v6: Brenda Brown, Brenda Brown  
 She rode tortoises into town etc.

### Before you sing

The lyrics focus on alliteration and predictable rhyming patterns. When you introduce each 'colourful' character and their silly action, some children may be able to guess the alliterative surname and/or the rhyming item from the context, depending on their linguistic skills and experience. Play alliterative and rhyming games to warm-up and to encourage participation from everyone.

### Tackling the song

The verses are quite long but they all repeat the same words apart from the opening lines. Lift the Scrunchie or sheet up and down, as indicated, with appropriate 'dance' and 'shake' actions.

### Developing the activity

Invent more colour-themed alliterative characters e.g. Georgie Green, Winnie White, Michael Mauve etc. and make up silly stories to sing about, but don't be overly concerned about continuing the alliteration.

## **TO MAKE A SCRUNCHIE WITH CONTRASTING FABRIC DESIGNS**

A Scrunchie is essentially a circle of strong elastic encased in a tube of ruched fabric. As mentioned at the beginning of the book, commercial Scrunchies are often made of one single fabric or sometimes of a few plain colours. A 'home-made' one has the advantage of being able to including several different fabric designs – a feature which can be exploited in singing games (see '*Sing a Scrunchie*').

### **SCRUNCHIE SIZES FOR DIFFERENT GROUPS OF CHILDREN**

A 10-metre Scrunchie will accommodate approximately 15 EYFS children: '*10 metres*' refers to the fully stretched Scrunchie circle circumference. A 15-metre Scrunchie accommodates 30 children; a 5-metre Scrunchie would suit a smaller group.

### **MAKING A SCRUNCHIE USING AN EXISTING STOCK OF FABRIC**

If you are a fabric hoarder with plenty in stock, you can construct a Scrunchie from remnants and bits and pieces. But if you're starting from scratch, more guidance is given in the paragraph **MAKING A SCRUNCHIE FROM SCRATCH**.

#### **FOR A 10-METRE SCRUNCHIE YOU WILL NEED:**

15 strips of contrasting polycotton fabric x 75 cm long and 22.5 cm wide  
5 metres of strong elastic of 1.5 inches /3 cm width  
Thread and pins  
Sewing machine  
Iron/ironing board  
1 x large safety pin  
1 x **VERY LARGE** safety pin (a kilt pin is idea)

#### **MEASUREMENTS FOR OTHER SIZES:**

##### **For a 15-metre Scrunchie**

20 strips x 75 cm long/ 22.5 cm wide + 7.5 metres of strong elastic of 1.5 inches /3 cm width

##### **For a 5-metre Scrunchie**

8 strips x 75 cm long/ 22.5 cm wide + 2.5 metres of strong elastic of 1.5 inches /3 cm width

## MAKING A SCRUNCHIE FROM SCRATCH

### BUYING FABRIC

Polycotton fabric is robust, washable and cheap – it is available online and possibly at your local market, if you're lucky enough to have one with a fabric stall. Prices vary, but you should be able to buy it for less than £3 per metre. Polycotton is approximately 112 cm wide, which can be cut into 5 strips of 22.5 cm – the ideal width for making the Scrunchie 'tube'. 1.5 metre of Polycotton, cut in half widthways will give 10 strips of 75 cm length.

### GUIDANCE ON HOW MUCH POLYCOTTON TO BUY

If you want a Scrunchie made up of entirely different designs – you will need to buy a greater number of fabric lengths.

### ONE EXAMPLE: Many other variations are possible

**From 1.5 metres x 10 contrasting fabrics (100 strips) you could make 7 Scrunchies:**

2 x 15-metre Scrunchie (20 strips, with each design repeated twice)	Total 44 fabric strips
2 x 10-metre Scrunchie (15 strips, with 5 designs repeated twice)	Total 30 fabric strips
3 x 5-metre Scrunchie (8 strips each, with no repeated designs)	Total 24 fabric strips

### ANOTHER EXAMPLE:

**From 1.5 metres x 5 contrasting fabrics (50 strips) you could make 3 Scrunchies:**

1 x 15-metre Scrunchie (20 strips with each design repeated 4 times)	Total 20 strips
2 x 10-metre Scrunchie (15 strips with each design repeated 3 times)	Total 30 strips

### INSTRUCTIONS FOR MAKING A SCRUNCHIE

- Fold over 1.5 cm on the long sides of each 75 cm fabric strip and iron for a crisp edge.
- Arrange your fabric strips in a pleasing sequence and pin the short ends together (right sides facing), making one very long strip.
- Machine stitch all these short seams, opening out the ironed folds as you stitch.
- Join the 'beginning' and 'end' pieces to complete the circle, check that there are no twists.
- Pin the long folded edges together to make a tube (right sides outside), keeping the short seam edges inside the tube all facing in one direction - this makes it easier to pass the kilt pin round as you thread the elastic!
- Machine all round, leaving an opening of 12 cm for inserting the elastic.
- Use a safety pin to secure one end of the elastic to the inside of the fabric tube, near the opening. Attach the kilt pin to the other end of the elastic and pass it through the tube, dragging the elastic through behind, until you reach the opening again.
- Unpin the two elastic ends, lift them well away from the fabric tube, overlap them by 3 cm, and sew together, machining across several times with a zigzag stitch, to make a really strong join.
- Machine across the opening 'gap', right sides together, to close the tube completely.

# SCRUNCHIES ORDER FORM

## Stretchy fabric rings for Early Years music-making

'Scrunchies' come in various lengths: sizes refer to the circumference at full stretch. They are washable and robust and hand-made for my consultancy.

Scrunchies are constructed from lengths of poly-cotton fabric in contrasting patterns and colours.

A 15m Scrunchie will accommodate 30 x Reception children; a 10 metre Scrunchie is for a smaller group of, say, 15-20 children. The smallest size is designed for a handful of players - ideal for children's self-initiated play or intervention/nurture groups

### YOUR ORDER:

Please fill in details below, then scan the completed form and email to [suelnicholls@hotmail.com](mailto:suelnicholls@hotmail.com)

\_\_\_\_\_ 'Scrunchies' @ 15 metres @ £48 each (plus £4 p&p) TOTAL £ \_\_\_\_\_

\_\_\_\_\_ 'Scrunchies' @ 10 metres @ £32 each (plus £4 p&p) TOTAL £ \_\_\_\_\_

\_\_\_\_\_ 'Scrunchies' @ 5 metres @ £16 each (plus £4 p&p) TOTAL £ \_\_\_\_\_
